# JOAO VINICIUS LATCZUK

Back-end / Full Stack Developer

Ourinhos, SP | (14) 99818-1004 | joaocontatoscel@gmail.com

joaolatczuk.com.br | linkedin.com/in/joao-latczuk | github.com/joaolatczuk

## OBJECTIVE

Early-career developer with practical experience in Node.js, MySQL, and API integration, seeking opportunities as a backend (or full stack) developer to apply technical knowledge, contribute with secure solutions, and continue evolving professionally.

## PROFESSIONAL EXPERIENCE

**Web Developer — Internship** *May 2025 – November 2025*

*Ourinhos Municipal Department of Education (SME)*

- Developed and maintained modules for the SiguEscola system (siguescola.com.br), a municipal school management platform, using Node.js, EJS, and MySQL.
- Worked on modernizing educational management processes, including registration, queries, and reports integrated with the relational database.
- Used Git/GitHub for version control and collaboration in the continuous development of the system.

**Corporate Hospitality** *2025 – 2026*

*The Rangeley Inn & Tavern — Maine, Estados Unidos*

- Worked in an international environment providing high-standard customer service, with daily communication in English.
- Developed agile problem-solving skills, adaptability, and teamwork in a multicultural setting.

## PROJECTS

**SiguEscola**

- Integrated municipal school management system, with registration, queries, and reports. Node.js, EJS, MySQL, Git.

**Aligna**

- Computer vision application for ergonomic monitoring, body posture, and real-time blink tracking. JavaScript, TensorFlow.js, MediaPipe, Chart.js.

**Personal Portfolio**

- Responsive personal website with dark/light mode and scroll animations, published via GitHub Pages. HTML5, CSS3, JavaScript. Available at joaolatczuk.com.br.

## EDUCATION

**Systems Analysis and Development — in progress** *August de 2023 – presente*
